

## STOCK SHARES END DAY WITH SMALL GAINS

### Erratic Movements In Security Markets Are Noted

By Claude A. Jagger  
Associated Press Financial Editor  
New York, Sept. 25.—(AP)—Share prices were tossed about in confusion today in a day of erratic movements in the securities markets today, but most of the leading stocks managed to end the session on an upturn, gains ranging from 1 to 10 cents a share.

Further reports, some later denied, of repercussions in Europe from the British financial crisis, together with new efforts on the part of stock exchange officials to keep bears under reasonable control, gave stock traders one of the most hectic days of the year.

**Distinct Advances**  
The share market had three distinct and vigorous advances, interrupted by the temporary declines, the first of which was rather severe, depressing several issues 1 to 10 cents. These losses were not all recovered, and there were numerous issues off 1 to 4 at the close. It was notable, however, that several of the so-called pivotal shares failed to drop below last night's final levels on the decline.

The Paris Bourse had a rather pronounced decline, which together with an inaccurate report published in Wall street of a Paris financial situation, was said in brokerage circles to have caused some momentary concern in New York. Responsible bankers later explained that Paris had some \$500,000,000 on deposit in London, as against only some \$50,000,000 on deposit there by New York so that the depreciation of sterling has presented a problem to be dealt with by Paris, while it was of negligible effect here. These bankers pointed to the huge gold reserves of France, second only to those of the United States, and expressed complete confidence in the ability of Paris to deal with the matter.

Foreign exchanges again fluctuated wildly, the pound sterling dropping 37 cents, then recovering all but 8 cents of its loss, ending the day at 3.74. Coincident with advances in discount rate of the banks of Norway and Denmark to 6 per cent, equal to that of the bank of England, Scandinavian bonds and currencies experienced some further unsteadiness, but the currencies recovered, ending the day with small losses.

## PRODUCTION BY INDUSTRIES OFF THREE PERCENT

### Factory Employment Volume Has Changed Little in the Past Two Months

Washington, Sept. 25.—(AP)—Industrial production, the Federal Reserve board reported today, decreased three per cent to a new low record from July to August.

The decline was from 32 per cent of the 1923-25 average in July to 29 per cent in August, which compared with the previous low of 22 per cent in December, 1930.

The volume of factory employment, which usually increases in this season of the year, was found to have changed little from July to August. The number of persons employed in the clothing, shoe and canning industries increased, but there was a drop in workers employed in steel mills, automobile plants, foundries and car building shops.

"Output of steel, which ordinarily increases in August," the board said, "declined further to 31 per cent of capacity, reflecting in part curtailment in automobile production; lumber output also decreased contrary to seasonal tendency."

The general level of wholesale prices decreased from 70 per cent of the 1925 average in June to 70.2 per cent in August, reflecting increases in the prices of livestock, meats, dairy products, and petroleum.

## WEATHER

For Jacksonville and vicinity—Generally fair weather will prevail in this territory today and tomorrow, the weatherman stated in the forecast issued last night. While today will be cool, the observer believes that it will be a little warmer Sunday.

The Norbury Sanatorium Weather Station report last night gave temperatures as: high 80; current 71 and 59. Barometer readings were: a. m. 29.92 and p. m. 29.90. Rainfall was .13 of an inch.

Illinois—Generally fair, somewhat cooler in south portion Saturday; Sunday fair, somewhat warmer in north portion.

Missouri—Fair, slightly cooler in east portion Saturday, Sunday generally fair and somewhat warmer.

## 2,000 Austrian Swallows Taken Over The Alps

Vienna, Sept. 25.—(AP)—Migration of Austrian swallows by airplane began today when the first flock of 2,000, too cold and faint to travel under their own wingpower, left for Venice. Dozens of peasants, gendarmes and chauffeurs scoured the countryside for other feathered weaklings. The rescued birds were taken to special quarters of the Bird Protection society to await their turn in the plane trip southward to spend the winter. The society's rooms today housed 12,000 swallows, perched on ropes strung between supports, or on the floor, which was strewn with food. They accepted the unusual care in a friendly spirit, flitting to the heads and shoulders of visitors.

## PETITION FOR REHEARING IS DENIED CAPONE

### Brother Of Scarface Al Faces Three Years At Leavenworth

Chicago, Sept. 25.—(AP)—The gates of Leavenworth penitentiary were closed today to Ralph Capone, as the United States circuit court of appeals denied his petition for a hearing of his income tax evasion case.

The older brother of "Scarface Al" Capone faces a three-year federal penitentiary term at Leavenworth, two one-year county jail terms here, and \$11,000 in fines for not paying income taxes and penalties which the government charges amount to more than \$300,000.

Twice previously Capone has sought to elude his punishment. Judge James H. Wilkinson, who heard the case against him, in a later hearing upheld the verdict and punishment. In July the circuit court of appeals denied his petition for a reversal of the verdict.

Only one more recourse was open tonight to the gangster, federal officials said. That is a writ of certiorari, petition for which must be filed before noon tomorrow. The clerk of the court of appeals, unless stopped by such a petition, must issue a mandate for Capone's immediate arrest and imprisonment. The gangster's attorney said he would indicate whether a petition for a writ of certiorari would be filed, but government officials said they presumed such a step would be taken.

Upon Capone's ultimate conviction and imprisonment rest the fate of two other former big dealers, Terry Druggan and Frankie Lake, now ostensibly in the ice business in Detroit. Both have pleaded guilty to income tax evasion upon the condition that they may withdraw their pleas if Capone's conviction is not upheld.

Capone was convicted on April 26, 1930, of paying taxes on an income which government witnesses showed to have been at least \$1,871,000 between 1924 and 1929. That amount was proved to have been deposited by Capone in seven different banks under fictitious names. Before his trial, the gangster, who operated a racketeering and gambling empire, pleaded he was only an insolvent race horse owner and offered to compromise for \$1,000. His offer was refused.

Capone is one of the "big shots" of gangdom and politics either serving sentences or facing imprisonment under convictions for failing to pay income taxes. His gang leader brother, "Scarface Al," is facing trial on a similar charge, as well as for alleged liquor violations. Al Capone originally pleaded guilty to both charges on a compromise agreement that he would be accorded leniency, but Judge Wilkinson warned the gangster he had not been a party to the leniency treaty and would have evidence in the case and impose whatever penalty he thought just. Capone withdrew his guilty pleas and is now awaiting trial late next month.

## ASK GOVERNOR TO PROBE DISTRICT ATTORNEY OFFICE

### Joseph Richardson Claims Blue Failed to Inquire Into Wrong Doing

New York, Sept. 25.—(AP)—District Attorney Alexander G. Blue of Suffolk county, central New York, in the State Senator John W. Danahy, today was added to the list of public officials into whose acts a state investigation has been asked.

As numerous political figures were being called to appear at public hearings here of the legislative committee investigating into New York City affairs, Joseph W. Richardson, of Amityville, Long Island, sent a request to Governor Franklin D. Roosevelt at Albany for investigation into the alleged failure of Blue to "properly inquire into charges of political wrong doing" in his county.

Samuel I. Rosenman, counsel to the governor, at once asked Blue for a report. Blue, a Republican, said the charges were "political propaganda." Richardson is a Democrat.

Richardson said he believed Blue had failed to pursue thoroughly charges contained in a letter which State Senator John W. Danahy, Democratic leader, sent to W. Kingsland Macy, Republican state chairman, August 29. The letter asked whether there was "any connection with a substantial donation to the Republican county war chest from Otto H. Kahn and a \$5,000,000 county bond issue for bridge construction and similar work on the Kahn estate in the vicinity of Shelter Island."

## ADMINISTRATION IS CONSIDERING TAX QUESTION

### Government Experts Busy Studying The Problem

Washington, Sept. 25.—(AP)—The question of new taxes, that breeder of congressional conflict, has come to command increased attention in the administration. It was up today between President Hoover and Senator Reed, as well as between the senator and his fellow Pennsylvanian, Secretary Mellon.

Over their charts and diagrams, meanwhile, the government fiscal experts worked intent upon devising a way out of the financial doldrums for the treasury.

**Favor Sales Tax**  
More and more there seems to be talk on how tax revenue should be increased now, instead of whether it should. That was the case today. Moreover, the sales tax idea dominated the discussion.

It can be said on high authority that President Hoover has not made up his mind as to tax legislation at the coming congressional session. He will rely on what the treasury evidence shows to guide him.

Senator Reed, who seldom differs with the white house or treasury on fiscal matters, emphasized his advocacy of a sales tax.

Out in Burlington, Kansas, another Republican, Senator Capper, let a county fair crowd know he opposed such a tax.

"Unthinkable," was the way Capper termed it, after calling Secretary Mellon sponsor of the idea.

**Glenn's Views**  
At the capitol, Senator Glenn, Republican, Illinois, said that although he had made a final decision, he was inclined to favor increases in the higher income tax brackets and inheritance taxes.

"Then," he said, "if the sales tax is necessary, I would want to see it limited to luxuries."

Representative Britten, also an Illinois Republican, said the administration must consider raising funds to meet a deficit in the budget, and "it appears to me a general sales tax, a gift tax and an increase in the inheritance tax will be logical direction for relief."

Representative McDuffie, Democrat, Alabama, said that if a tax revision was necessary, he believed the income tax in the higher brackets should be increased and a gift tax levied. McDuffie opposed the Reed sales tax proposal.

Sensor Reed headed for the treasury from the white house, being with the secretary there for nearly an hour. They talked taxes and also about banking conditions in Pittsburgh. On leaving, Reed said the banks of that city were in good shape.

## TRIBUTE IS PAID CYRUS M'CORMICK REAPER INVENTOR

### Program is Opened With the Unveiling of Statue at University

Lexington, Va., Sept. 25.—(AP)—Tribute was paid to Cyrus Hall McCormick—the inventor, the benefactor, the churchman—in exercises here today commemorating the centennial anniversary of his invention of the reaper.

The program was opened on the Washington and Lee university campus with the unveiling of a statue of McCormick who was a benefactor and trustee of the university while Robert E. Lee was president.

After a luncheon for distinguished guests, the program moved to Mount Carmel church here, where, under McCormick's charter, members of the exercises were closed with the presentation of a pageant portraying the evolution of the reaper, staged at Walnut Grove farm near the old McCormick home at Steele Tavern.

Dr. John Finley, of New York, in the statue dedication address called McCormick "the liberator of the farm, the 'manning toiling in field,' and the other was the 'harvest of souls.'"

President Francis Pendleton Gaines of Washington and Lee university presided over the exercises.

## PREDICTS REOPENING OF OKLAHOMA FIELDS

Oklahoma City, Sept. 25.—(AP)—Cicero I. Murray, in charge of Governor W. H. Murray's military shutdown of Oklahoma's flush oil fields, predicted today a barrel would be paid for petroleum next week, and that the Oklahoma City field would be opened.

Governor Murray has set \$1 as the minimum price necessary for the reopening of Oklahoma's flush fields, Cicero Murray, the governor's cousin, in a speech before the chamber of commerce today, said nothing about reopening of other fields in the state.

## INCOME STATEMENT

New York, Sept. 25.—(AP)—The consolidated income statement of the Sinclair Consolidated Oil Corporation and subsidiaries for the first half of 1931 shows a net loss of \$10,415,088 after deductions totaling \$11,514,181 for depreciation, depletion and amortization. Earnings before these charges amounted to \$1,099,092.

## Just Twice as Studious

This picture shows, left to right—oh, we give up! One of them is Mary Thayer and the other is her twin sister Alice, and they both live in Norwood, Pa. They dress alike and look alike, and now they're going to the University of Pennsylvania on a joint scholarship—because they won the same honors in high school!

## European Fliers Picked Up At Sea Arrive In New York And Tell Story Of Flight

### Toy Balloon That Travelled Oversea Has Been Found

Greenburg, Pa., Sept. 25.—(AP)—A toy balloon inflated with gas was released here July 4, and today Miss Erma Jean Shrader, whose name was on a card attached to it, received a letter from Hawaii saying the balloon came down there.

The letter was from Bert J. McGuire, sergeant in Company A, 3rd Engineers, United States army, who is stationed at Schofield Barracks, Hawaii. He said he found the balloon unbroken near his station.

**Sportsman Near Death**  
Viçega, a Portuguese sportsman, was near death from fever when the motorship Belmoira on Sept. 21 picked them out of the wreckage of the plane "Esa" in which they had flown from Portugal to a point eighty miles off Cape Race. Like the other two, his feet were swollen from dangling for a week in icy water, and his knee was infected from a scrape suffered as a mighty wave tossed the wreckage almost over on its side.

But as the liner Stavangerford, to which they were transferred at sea, steamed up the bay, he smiled weakly, and stammered that he felt fly the ocean yet.

## WALTER HANSON MOLINE BANKER TAKES OWN LIFE

### State Auditors Claim Found Shortage Of \$39,000

Moline, Ill., Sept. 25.—(AP)—Walt. Hanson, 41, teller of the closed Commercial Saving bank of Moline, was found shot to death in his automobile today, a shotgun between his knees and his fingers clutching the trigger.

Back late last night, the president of the bank's board of directors, said state auditors examining the books told him there was a shortage of \$39,000. The auditors were working tonight in the bank, which closed yesterday.

Hanson left his home at 10 a. m. today, saying he intended visiting the federal authorities, said he apparently had driven about for some time before his death. The motor of the automobile, parked on the bank of the Mississippi river, still was warm when the body was found.

Bank officials said Hanson had worked in the Commercial Savings for 17 years and was a trusted employee. He was commercial teller and assistant cashier. Two small children and the widow survive.

Deposits of the bank totalled more than \$1,500,000. It was closed voluntarily, because of too many heavy withdrawals, the board of directors announced.

The Manufacturers' bank of East Moline was closed today, also voluntarily, by its board of directors. Its deposits were \$1,016,869.

Another Moline bank, the Fifth Avenue, posted notice today that depositors could not withdraw more than 10 per cent of savings deposits without giving 60 days notice.

## PERRY SWANK, 15, IS INDICTED

Crown Point, Ind., Sept. 25.—(AP)—Perry Swank, 15-year-old high school football player, was charged with first degree murder for the killing of Eugene Duckworth, an oil station proprietor, in an indictment returned today by the county grand jury.

Perry, proudly wearing a new shirt given him by his parents, was before the jury only a few minutes. He was smiling as he entered and left the jury room. Authorities said he had confessed to killing Duckworth during a robbery in which he obtained \$40.

Plans of the state to speed the case into court were abandoned today when it was learned the boy has obtained the services of an attorney. It was believed that the case will not be called before Monday, giving the defense time to prepare its case.

Perry said, however, that he still intends to plead guilty, a course of action which his father recommended.

## BONGETTI INDICTED

Chicago, Sept. 25.—(AP)—Dr. Amante Rongetti, allegedly facing a 1 to 14 year term in prison for manslaughter by illegal operation, was convicted by a federal court jury today of violating the narcotic law. He was found guilty on all 31 counts.

## ROBERT H. LUCAS SAYS DEMOCRATS SPREADING FEAR

### Democratic Propaganda Destructive G. O. P. Chairman Claims

Springfield, Mass., Sept. 25.—(AP)—Responsibility for what he termed a nationwide fear of destitution during the coming winter was attributed today to "destructive Democratic propaganda" by Robert H. Lucas, executive director of the Republican national committee.

"We are suffering with a paralyzing anemia brought on by a stifling deluge of destructive Democratic propaganda—a campaign of exaggeration, misrepresentation, and manufactured lies that has not only had its political effect but has so alarmed the people that the spending of money by those who have it has been reduced to a point actually below the necessities of life," Lucas told a rally of New England Republicans at the New England states exposition.

From the same rostrum, Senator Simeon D. Fess of Ohio, national Republican chairman, suggested that times of stress "not infrequently serve as periods for finding the way for new wealth," and said: "We have evidence that such results will flow from this depression." He deplored wage cuts.

Mrs. Ellis A. Yost, director of the women's division of the Republican national committee, said the organized Republican women were still behind the administration of President Hoover in the belief that "he possesses the rare qualities of statesmanship that fit him for leadership in these difficult and troublous times."

"If I said Mr. Lucas, 'the great Republican army of this country will not get itself into battle formations to meet this fight standing up, and hitting out from the shoulder, dispel this maze of gloomy propaganda, the conscious fear of destitution and starvation will be lifted from the minds of the people and the buying power of this vast country will open the gates to those who seek employment,'" he voiced a caution that "unless the Republican party immediately assumes its full responsibility as the dominant party, a Democratic administration will likely demonstrate what hard times really are."

## OLD STATEMENT BY HOOVER IS BEING REVIVED

### Quotation by the Executive Is Given Before Railroad Rate Fixing Body

Washington, Sept. 25.—(AP)—An old statement by President Hoover favoring a reduction in rates on primary commodities was revived today to support arguments against the railroad's current plan for a 15 per cent raise in freight charges.

Arthur T. George, attorney for the California Railroad commission, quoted a statement by Mr. Hoover in 1922 when he was secretary of commerce, in asking the Interstate Commerce commission to deny the proposed increase at this time.

An excerpt of Mr. Hoover's opinion of the economic influence of railroad rates, given at hearings in 1922 before the commerce commission cut rates, was given by George as follows:

"If we look at the national economic situation as a whole the greatest influence that can be given to recovery from any source whatever is the reduction of rates on primary commodities with the immediate resumption of railroad construction and equipment of operating costs and the second upon restoration of credit for our railways."

George and H. E. Ketter, commerce counsel for Virginia, took the railroad to task for failing to reply to shippers' arguments that a rate increase would result in loss of traffic to the roads.

Others opposing the increase today were Maurice H. Greene, representing Ingbo, D. C. Starr, Massachusetts; Elmer Westcott and John P. Finley, representing sugar interests, and A. M. Geary, farm rate council.

## SEND MESSAGE TO TEXAS GOVERNOR

New York, Sept. 25.—(AP)—The Texas corporation, in a telegram sent today to Governor Ross S. Sterling of Texas, took issue with statements concerning its activities in the East Texas field as contained in a recent message sent to the governor by the Sinclair Consolidated Oil corporation.

"The Texas corporation's wire said: 'The telegram to you from the Sinclair Oil & Gas company was quoted in the press, is in error in stating that we have 1,739 proven acres in the East Texas field and have drilled an average of one well to each 39 acres. The facts are that we have 4,300 acres and have drilled an average of one well to 134 acres and of this acreage we held 3,500 acres when the discovery well was drilled.'

"We have all along regarded the intensive drilling in that section as unfortunate and tending to break down the conservative movement."

## WANT PEACE

Champaign, Ill., Sept. 25.—(AP)—Chinese students at the University of Illinois met today to discuss Japanese occupation of Manchuria.

"We appeal to the people of the United States and the world," said John C. Lee, president of the group, "to uphold the sanctity of treaties. China is willing to stand by peace at any cost."

## Homefolks Boom Melvin Traylor for Presidency

Columbia, Ky., Sept. 25.—(AP)—Melvin A. Traylor of Chicago was endorsed for president of the United States today by farmer folk of the foothills of Kentucky. He left here thirty-two years ago, a penniless youth, and achieved fame in national and international finance.

President of the First National bank of Chicago, Traylor was eulogized as his boyhood friends as a "Moses" destined to lead the nation and the world out of the valley of economic depression.

A crowd estimated by leaders of the rally at from 3,000 to 5,000 gathered in a grove at the Columbia fair grounds for the rally. The day was a holiday for school children in the county, and they joined their parents and friends in formally launching the "Traylor for President" boom in his native state after half a dozen speakers had praised him.

William J. Hutchins, president of Berea College, Berea, Ky., of which Traylor is a trustee, was one of the chief speakers.

## WALTER GIFFORD WOULD MAINTAIN PRESENT WAGES

### Head Of American Telephone Company Reaffirms Stand

Washington, Sept. 25.—(AP)—In the face of wage slashes by large steel corporations, the president of the American Telephone and Telegraph company today reaffirmed his position that industry should strive to maintain existing pay levels.

Walter S. Gifford, now serving as national relief director, reiterated that "we ought to make every effort to maintain the wage scale."

Shortly afterward it was learned the administration had no intention of revising the war-time council of national defense to rule industry in the present economic depression.

**Hoover Confident**  
The American Legion convention at Detroit urged this step as proposed by Howard Coffin, former member of the council. President Hoover feels, however, the Gifford organization is amply able to coordinate relief activities without resorting to more drastic measures.

The president is not of the opinion the country will reach the situation experienced at the time the council was created. He feels action not advice, is needed and is being provided by the Gifford organization.

Meanwhile the chairman of the Republican National committee gave further credence to the belief that wage reductions were objectionable to the administration.

In Springfield, Mass., Senator Fess, of Ohio, the national chairman, deplored recent pay actions of some industrial corporations and said he feared the downward movement may have no limit.

Only a few hours earlier Secretary Doak broke the silence of President Hoover's cabinet on wages by describing the pay cuts as "deplorable." The labor department chief added that apparently they "could not be avoided."

Gifford declined to elaborate on his wage statement of last April. In advocating maintenance of wage scales, he pointed out the present scale would be equivalent to a large increase if commodity prices and the cost of living should stay down.

Washington officials, scrutinizing the growing number of pay-cut corporations, found two new companies added to the list. Ten per cent reductions were ordered by the Atlantic City and Shore Railroad company, New Jersey, and the Nicholson File company of Providence, R. I.

## SEVERE STORM HITS SCHOOL; TWO ARE HURT

### Wind Causes Roof of School Building to Collapse at Boston, Ind.

Richmond, Ind., Sept. 25.—(AP)—Two children were injured critically and eighty-eight others suffered bumps or bruises when a severe wind storm caused the roof of the grade school at Boston, near here, to collapse into the second floor today.

Janice Williams was believed by hospital authorities here to have suffered injuries which will prove fatal. Billy Holder, 14; Lawrence Weller and Ragan Daugherty, all under fourteen, were also believed to be hurt seriously.

Aaron Lindley, principal of the school, saw the wind storm approaching while standing at a window and ran down the hall of the second floor sounding an alarm. The roof of the brick building collapsed, however, before many of the children could run to safety. Lindley was hurt about the head by falling debris.

First reports were that the new high school building, situated beside the grade school had collapsed. The storm leveled telegraph and telephone wires and shut the town off from quick outside communication. Boston is six miles south of Richmond.

## REPORT STORM

Mt. Carmel, Ill., Sept. 25.—(AP)—Storms of near tornado proportions struck southeast Illinois late today. At Grayville many trees were blown down, blocking streets in some places. Glass was blown from school windows at Belmont. Part of the roof of the town hall here was torn off, and some trees were uprooted. No injuries were reported.

## PROHIBITION BEING FORCED TO THE FRONT

### Legion Recommendation For Referendum Has Many Supporters

Washington, Sept. 25.—(AP)—Repercussions from the American Legion convention and elsewhere today showed the prohibition question forward to the center of the political stage from which it had been crowded recently by economic problems.

While one congressional opponent of prohibition hailed the Legion's recommendation for a new vote on the liquor question as "the deathknell" of the Volstead law and the eighteenth amendment, dry leaders quietly stood their ground.

**Sound Death Knell**  
Representative Britten, Republican, Illinois, said the Legion's vote sounded the "deathknell" to the prohibition laws. He added that the service organization and the American Federation of Labor would use "their tremendous persuasive power" they could bring about repeal of the Volstead law during the next session of congress.

From the other side of the capitol, Senator Glenn, another Illinois Republican, said he was ready to vote for submission of the eighteenth amendment as recommended by the Legion, or for beer if the opportunity be presented.

Dry leaders in congress declined to comment on the Legion's vote, but some of them said privately it would have a tremendous political effect. Among those who would not comment was Senator Watson, Republican leader of the senate, who has previously advocated a referendum.

## SAYS VOTERS DRY

Ernest H. Cherrington, general secretary of the World League Against Alcoholism, said repeated statements by newspaper writers that President Hoover would continue to support prohibition for political reasons was tact confession "that the majority of the voters of this country are dry."

Not a word came from administration quarters today regarding the Legion vote or the survey being conducted by Secretary Hyde to determine whether legalization of beer would help the farmers.

Meanwhile Senator Bulkley, of Ohio, discussed his plan for committing the Democratic party to resubmission of the prohibition amendment with J. J. Shouse, chairman of the Democratic national executive committee.

After the conference Bulkley said Shouse approved his plan under which Democratic members of congress would be pledged to vote for submitting a repeal amendment to the states, but would be free to oppose its adoption.

## CERMAK GOES ON WARPATH AS 125 SUSPECTS FREED

### Claims Chicago Police Are Not Receiving Any Help From the Courts

Chicago, Sept. 25.—(AP)—A belligerent mayor went on the warpath today as he saw a two-day procession of 125 men arrested in his raids on gambling dens march from a municipal court, freed on technical grounds.

"Police killed two bandits last night," Mayor Anton J. Cermak said. "I suppose they should have gotten a court order before they did that."

In Judge Thomas A. Green's court 35 men were being discharged because search warrants were faulty, and the judge threatened an assistant state's attorney with contempt citation if he continued protest against his decisions.

In Judge Robert E. Gentzel's superior court an injunction was issued to protect from further police raids the premises of E. J. Williams, Negro, who had admitted the gambling equipment there was his. Mayor Cermak said the courts had returned to Williams all the paraphernalia except which smash already destroyed by the government.

In his three weeks old drive against gambling houses, Mayor Cermak said today 144 gambling places had been entered, 132 arrests made; 72 handbooks raided; 188 police games raided and 1,700 arrests made, and a total of \$600,000 thus far assessed.

Improper entry was the reason for dismissal of the 125 defendants before Judge Green yesterday and today. "North Side Frankie" Pope and 89 of his gambling house patrons of the "Aquarium Social Club" and "Vanity Fair" were excused yesterday, some on the ground that they were not without a warrant and the rest because the warrant failed to name the owner or describe the "John Doe" named as keeper. Today Judge Green dismissed 35 more on faulty warrants.

Mayor Cermak called a conference with Chief Justice John J. Sonstby of the municipal court and corporation counsel William H. Sexton.

"I'm so mad over the way the courts have been hampering our work that I don't know what to do," said Cermak.

"We seem to be at loggerheads with some of the judges," observed Sexton. "Not with me," protested the chief justice.

"When judges order gambling paraphernalia returned to the operators do they think that it will be turned over to churches for charitable purposes?" asked the mayor. "Police killed two bandits last night. I suppose they should have gotten a court order. I tell you with crime on the increase and with no cooperation from the courts it is going to create a bad situation here. But we will keep right on raiding, warrant or no warrant."

## GUESS WHO

Col. Isham Randolph, head of Chicago's "Secret Six," is not as secretive as he might be, as is evidenced by his revelation that the organization has a man "on ice" who will make things hot for Al Capone. He says this man testified against trials and is now making a South American cruise for his health. To those versed in the criminal index this will be easily understood, though Col. Randolph may keep the ignorant public guessing.

He has told too much, which is the main difficulty in checking crime today. Those who have in charge the apprehension of criminals talk too freely of their plans and give away too many secrets. It will be easy to get a list of witnesses against Al Capone, and also to find out where all of them are. Thus Col. Randolph's secret will be well known to those who really want the information.

If the star witness is bombed, mowed down or burned up before he has a chance to testify against the big gang chief, the Chicago forces can claim the one but themselves. They have told the underworld to guess who, and have given the players in this dangerous game several valuable keys to the riddle.

## RAISING THE SKY

Chicago workmen are wrecking one of the early skyscrapers of the city's business section, the Home Insurance building. It is not tall enough, for the sky has been raised since its erection. In its place will stand a 42-story structure, Chicago's tallest building.

The new building will have a million square feet of floor space, which means more than 20,000 on each floor. The construction will furnish employment for several hundred men for two years. If a few such enterprises were undertaken in the country the unemployment situation would brighten up considerably.

The building is being erected by the Marshall Field estate, and will require much capital. The income will have to be large in order for it to return any great amount on the investment. It is fortunate that the people are not to be asked to buy bonds on such a building, involving so much risk.

The big cities have wasted millions of the people's money through the financing of buildings which are now not paying an income sufficient to pay the interest on the bonds. The people are holding these bonds in the hope that sometime the empty buildings may again be filled with tenants and the development can be carried to a successful conclusion, and that may indeed come, and when it does hundreds of investors will breathe a sigh of relief. Right now they do not care to invest any more money in sky-raising schemes, and city promoters are not concocting any more.

Chicago's new skyscraper will be completed in 1934, a year too late for the world's fair, but in time to receive the flood of tenants who are expected to fill it when prosperity turns the corner. The 42 stories in the new building are nothing in number to the stories of prospects for good incomes which bond salesmen told the people when they sold some of the securities on Chicago real estate which have since defaulted.

## Shavings-Saws

The Legion to Dr. Wilson—"Be yourself, big boy, you ain't never been to the front."

There are still men old-fashioned enough to believe in free trade.

The Farm Board might serve wheat cakes and coffee to the unemployed this winter.

Latest smile: As friendly as the American Legion and Clarence True Wilson.

We've never been to Detroit, but we know it's not far from Canada.

If Labor was as scarce as money, we'd have prosperity.

Some people who never studied geometry know a lot about triangles.

Well, some Iowa guardsmen have learned what cows look like.

Some people believe in dreams, others realize them.

It is a bit distressing nowadays to learn how the other half lives.

The people who know most about life are not bragging about it.

## WILL ROGERS SAYS:

Jacksonville Journal: Roswell, N. M., Sept. 25.—It's two days and two nights here by rail. Flew here in seven hours in Hal Roach's (the movie comedy producer) private plane. Capt. Dickson piloting. I shouldn't say anything that would in any way be detrimental to the poor railroads, for they are having tough enough sledding. The only thing "wrong" in the R.R. is the government "with restrictions." If they would lay off and let 'em run 'em their own way maybe the public would come back.

This is the prettiest little town in the west.

## ANNOUNCE CAST FOR ROODHOUSE PLAY

Roodhouse, Sept. 25.—Next Wednesday and Thursday evenings, Sept. 30 and Oct. 1 at the Assembly Hall the Roodhouse Concert band will stage the screaming comedy, "Henry's Wedding." This show is an unusual production in entertainment in the community for the season.

"Henry's Wedding" is a rollicking comedy dealing with the trials and tribulations of a bachelor bridegroom of 55 getting married for the first time to a widow who has twice been married. This production is being staged throughout the entire United States with unusual success, and everything points to a big production here. The show is staged by the Roodhouse Concert band and coached by Miss Christine Baker, now in the city arranging for the production of the play. Committees were chosen from the band and they are all now at work on the various phases of the production. The band is very enthusiastic about the whole, production and are promising the public a real treat.

Rehearsals are now under way for the staging of the big amateur show. The very best local actors and most prominent men and women of the community are to play the various parts in the show.

Following is a list of the characters to take part in "Henry's Wedding":

Uncle Henry—Theodore Scott. Samantha Green—Mrs. Fred Hoeser. Jackey Macey—George Short. Ted—Ray Campbell. Harris—Harry Crause. Mary—Alleen Bobbitt. Virginia—Irene Short.

Miss Phyllis Petrey. Susan—Cecilia Hedgecock. Lawyer Brown—Dr. O. L. Edwards. O'Flaherty—J. V. Teeple. Mugs—Robert Shaw.

**WOMAN'S PRESBYTERIAL AT PLEASANT PLAINS**

The Women's Presbyterian, Jacksonville district, met at the Pleasant Plains church Thursday, Sept. 24, for its annual meeting. The president, Mrs. F. B. Oxtoby of Jacksonville, presided.

The program for both morning and afternoon was very interesting and inspiring. A short talk by Mrs. DeSalle, the presbytery president, was helpful and right to the point.

Mrs. Sampson, the presbytery treasurer, gave a splendid report, stating that the appropriations paid up to date were \$355 over last year.

At the noon hour a delicious luncheon was served by the ladies of the Pleasant Plains church.

The address for the day was given at the afternoon session by Mrs. Gale H. Lemmon, missionary to the Pima Indians at Tucson, Ariz. She was a very interesting speaker and the incidents she told of the life of the Indians of the desert were most touching. Throughout the whole address she pictured vividly how worth while is the work among the Indians there. She made a strong, sympathetic appeal of the need of our help to these desert Indians.

The following officers were elected for the ensuing year: President, Mrs. F. B. Oxtoby, Jacksonville, Westminster Church; first vice president, Mrs. Ernest King, New Berlin-Bates church; second vice president, Mrs. Clarence Rice, Jacksonville, State Street church; secretary, Mrs. Harry Lohman, Jacksonville, Northminster church; treasurer, Mrs. Etta Kundig, Pleasant Plains.

The churches of the district were well represented. The Sangamon Bottom church extended an invitation to meet with them for the autumn meeting of 1932.

## 30 WOMEN ATTEND CLASS SOCIAL AT LITTLETON HOME

White Hall, Sept. 25.—The Good Will class of the Methodist Sunday school met at the home of Mrs. Harry Littleton Thursday afternoon. There were 30 ladies present. Mrs. A. C. Rich, the class president, presided. Mrs. T. N. Rose, class teacher, led the devotionals. During the business session it was decided to hold a nine cent cafeteria dinner at noon on Oct. 9. Every ninth person will be served free.

A very amusing stunt was staged by Mrs. Ward Hull, who was dressed to represent the "Bride" and the "Groom"—one-half of her body being clothed in conventional wedding togetherness for a bride and the other half representing the groom, veil, arm bouquet, tall hat and gardenia, all complete. Mrs. Robert J. Brown introduced the stunt by singing "Coming Through the Rye" and then playing the wedding march, "Here Comes the Bride." The "bride" and "groom" sang at the altar, "If I Knew I'd Find You," after which the recessional was played by Mrs. Brown. Mrs. Arthur Shenkle sang "Little Brown Church in the Valley." Refreshments of cream and cake were served.

Arrive from Los Angeles  
Rev. and Mrs. J. M. Beades of Los Angeles, Cal., arrived early Friday morning to spend the winter here with their niece and family, Mr. and Mrs. Allen Brannan on West Bridgeport street. Rev. Mr. Beades will be remembered as a popular evangelist who has held a number of successful meetings in central Illinois as well as in the west.

Mrs. E. H. Shepperd entertained the members of her bridge club at her home on Carr street Thursday afternoon. There were two tables at play.

The P. G. club of the Adams Rebekah lodge gave the president, Mrs. Roy Dickerson, a surprise party on Wednesday evening at her home on Tunison avenue. Several Rebekahs who were not past grands were also present. Three tables were set for buncos. Ice cream was served.

Edward Silkwood is considerably improved from his recent illness, with stomach trouble. He was quite ill for several weeks.

Mrs. H. L. Story underwent a major operation at Walton hospital Thursday and rallied very satisfactorily.

Curtis Griswold is moving into the living quarters in the Dr. A. R. Jarman professional building on East Bridgeport street, and James Brauch is moving from the Mrs. Martha Campbell residence on Carrollton street vacated by Griswolds. L. W. Hornbeck is moving back in the Mrs. Milan Ross house on North Main street from the P. D. Vossler house on Carrollton street. Stanley Sawatz is moving from Tunison avenue to the Vossler house. Mr. and Mrs. William White have moved from Mrs. T. N. Rose's house to the American Seely apartment. Mrs. Rose expects to store or dispose of her furniture and give up her home. Dr. A. R. Jarman, dentist, will move his office into the Jarman Professional building Oct. 1.

**First Baptist Notes**  
Sunday morning will be Promotion Day in the First Baptist Sunday school when members of the cradle roll, beginners, primary, junior and intermediate departments will be promoted and receive their diplomas. A short program will be given by the children. The following superintendents will have charge of the service: Main superintendent, Buel Fair; cradle roll superintendent, Mrs. Jones; primary superintendent, Mrs. Russell McMahon; Junior Kindergarten, Mrs. Cleve Corrier, Mrs. Jack Neal. A short re-consecration service of all teachers and officers will close the service. This will be in charge of John Gwillim.

**DEVOTION SERVICE AT CATHOLIC CHURCH**

Beginning next Sunday the forty hours' devotion to the Holy Eucharist will take place in the Church of Our Saviour. This devotion commemorates the forty hours during which the body of our Saviour lay in the sepulchre before it was taken to the tomb. It was introduced into the United States by Bishop Neumann of Philadelphia and today is observed in all the dioceses of the country.

At the Church of Our Saviour there will be solemn mass on Sunday at 9 o'clock at which the sermon will be preached by the Rev. Dr. Kullack. Sunday evening services will be at 7:30 o'clock. The sermon on Sunday evening will be by the Rev. John J. Clancy of Jerseyville. On Monday morning at 8:30 there will be Mass with special prayers asking for peace throughout the world, and in the evening the Rev. Dr. Thomas Costello of Carrollton will preach. On Tuesday morning the Mass of the Holy Eucharist will be chanted and on Tuesday evening the solemn closing consisting of Rosary, Sermon, Procession and chanting of the Litanies will take place. The preacher for the close of the devotion will be the Rev. William M. Costello of Springfield.

During the entire three days the church will be opened at 5:45 in the morning and Masses will be celebrated at hourly intervals. During the day the members of the congregation will assemble at the church in their turn for private prayer and meditation.

**INGENIOUS PROCESS STOPS VARIATION IN FLAVOR OF COFFEE**

Wonderful Flavor of Hills Bros. Coffee Is the Same in Every Pound

Many people have wished for a coffee that didn't vary in flavor. Hills Bros. Coffee is such a coffee. It is roasted by the patented, Controlled Roasting process that absolutely prevents variation.

As the accuracy of the hour-glass depends upon an even, continuous flow... a little at a time... so the exquisite, unvarying flavor of Hills Bros. Coffee is produced by the patented process that roasts evenly, continuously... a little at a time.

Controlled Roasting is different from the ordinary method of roasting several hundred pounds at once. The results—as a cup of Hills Bros. Coffee shows—are very different too! There is a refreshing smoothness that no other coffee has, because no other is roasted the same way. And remember, this marvelous flavor never varies!

Hills Bros. Coffee is packed in vacuum cans. Air, which makes coffee go stale, is removed and kept out of these cans. Even ordinary, "air-tight" cans won't keep coffee fresh. But Hills Bros. Coffee can't go stale! Order some today. Ask for it by name, and look for the Arab trade-mark on the can.

## GIRLS' SOCIETIES AT COLLEGE HOLD FORMAL INITIATION

**Gamma Delta and Sigma Phi  
Epsilon Take in New  
Members**

An important date in the year's program for Illinois College girls' societies was reached last night as two of the upperclass groups held formal initiation services for their new members. Gamma Delta and Sigma Phi Epsilon each took several sophomore girls into membership at this time, while Agora society completed its ceremony a week ago.

**Gamma Delta**  
A seven o'clock dinner at the Colonial Inn was served to both old and new members of Gamma Delta last evening. The rose theme was followed for the appointments at the one long table at which the guests were seated. Pink roses harmonized with the pink candles which graced each end. Several toasts and some musical numbers were given during the dinner hour. Miss Ethel Anderson played a violin solo with Miss Helen Tendick accompanying at the piano. Two toasts to Gamma, which means knowledge, and Delta signifying power, were made by Miss Helen Tendick and Miss Marie Almsmeyer.

Miss Emma Louise Benignus took charge of the initiation service which followed the dinner. At this time the following freshmen of last year were pledged to the society: Miss Robert Weirich, Jacksonville; Miss Helen Hills, Modesto; Miss Harriet Brent, White Hall; Miss Beatrice Hayes, Bunker Hill; Miss Helen Gosh, Bunker Hill; Miss Mollie Brune Page, Del Rio, Florida; and Miss Virginia Diller, East St. Louis.

Committee members who arranged for the Gamma Delta affair included Misses Pauline Ledford, Lillian Deatherage, Thelma Beane, and Virginia Terhune.

### Sigma Phi Epsilon

Initiation services for the new Sigma Phi Epsilon members were conducted at seven-thirty o'clock in the David A. Smith House. Miss Zoe Marshall was in charge of the ceremony which included the presentation of a yellow rose to each initiate. Those taken into the local college group were Miss Louise Capps, Washington, D. C.; Miss Charlotte Sager, Edwardsville; Miss Charlotte Thompson, Aurora; Miss Geraldine Hunter, Chicago; Miss Louise Borning, Miss Faye Mahoney and Miss Helen Sturdy, all of Jacksonville, and Miss Vera Brown, Mattoon.

A regular meeting of the society followed the services and at this time Mrs. W. T. Harmon, honorary member, talked to the group on the meaning and history of Sigma Phi Epsilon. Later a social hour was enjoyed and tea served to the members and guests. Miss Anna Margaret Vannier was in charge of the tea and was assisted by Miss Ursula Brockhouse and Miss Hazel Ruple.

The initiation committee was Miss Gretchen Beadie, Miss Rachel Massey, Miss Thelma Eames, and Miss Barbara Dunlap.

### FABRIC CONTRAST PATTERN 2208

By Anne Adams

2208

Costless days demand smart, simple frocks with no fussiness and little trimming. Here is exactly the model, fashioned of canton crepe, daintily trimmed with contrasting, smartly styled collar and cuffs. The yoke and skirt flare seamed into points, create slender lines welcome to all. You may cut short sleeves if you prefer, but for this type of frock the long sleeves are more practical. Pattern 2208 will be equally smart made of satin, wool crepe or a sheer novelty woolen. For collar and cuffs, use either silk or pique.

Pattern 2208 is obtainable only in sizes 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42 and 44. Size 16 requires 3 1/2 yards of 39 inch fabric, a yard contrasting. Yardage for every size, and simple, exact instructions are given. No dressmaking experience is necessary to make this model with our pattern.

Send FIFTY CENTS (15c) in coins or stamps (coins preferred), for each pattern. Write plainly your name, address and style number. BE SURE TO STATE SIZE WANTED. THE NEW FALL CATALOG is now ready. It features the newest in afternoon, sports and house dresses, hats, pajamas and children's clothes. Also delightful gift suggestions in accessory and transfer patterns. PRICE OF CATALOG, FIFTEEN CENTS. CATALOG WITH PATTERN, TWENTY-FIVE CENTS. Address all mail and orders to Journal-Courier Pattern Department, 243 West 17th Street, New York City.

Strange Story About  
"Pirate Murder"**

New York, Sept. 25.—(AP)—A pale young widow, who nearly collapsed under the strain, today told publicly for the first time the strange story of the Long Island "pirate murder" of her husband, Benjamin P. Collings, Stamford, Conn., yachtsman, on the night of Sept. 9.

She was the only witness of the day at a coroner's inquest and after she left the stand the hearing was continued until tomorrow.

After adjournment it was said Mrs. Collings would not be recalled for several days.

Mrs. Collings disclosed in her testimony that Barbara, their five year old daughter, saw and heard much of the tragedy and pleaded with the two men who boarded the Collings' cruiser, the Penguin, to "leave my papa alone" as Collins was bound and struck with a milk bottle.

"The men were strangers," Mrs. Collings said. "I am sure of that because one of them asked my husband where he lived."

Mrs. Collings, under questioning, said she deliberately permitted the two men to abduct her in a canoe, leaving Barbara alone on the drifting Penguin, believing that by so doing she might save her husband and child.

## GENERAL ELECTION A PROBABILITY

London, Sept. 25.—(AP)—A general election in Great Britain next month on the protective tariff issue was regarded as a probability by London political observers today.

With the cabinet meeting Monday to consider whether such an election will be held, the Evening Standard said it believed that a dissolution of parliament will be announced in the house of commons Wednesday, preparatory to an election.

This development followed closely on the return of Prime Minister Ramsay MacDonald to 10 Downing street today. He was on his way to Chequers from the undisclosed place of his recent rest.

King George, who is due back in London Tuesday from Balmoral, Scotland, is understood to be opposed to an early dissolution of parliament and a general election. It was unofficially said to be his wish that the national government carry on until its economic program has been made effective and world confidence in the British pound restored.

## WOLF WORKED ALONE, CLAIM

Chicago, Sept. 25.—(AP)—Belief that Walter E. Wolf worked alone when he embezzled \$3,666.929 from the Continental Illinois Bank & Trust company was expressed today by State Attorney John A. Swanson upon conclusion of his investigation.

"I am satisfied," Swanson said, "that he was a 'lone wolf' in his speculations and that no one aided him." Swanson revealed how Wolf managed to escape detection through 22 audits a year.

His report to the auditors and the officials was accepted without question because he was a trusted employee. He merely told them that \$100,000 or more in bonds was "in transit" and the audit would go thru.

Reports at the criminal courts building today said that Wolf's indictment by the grand jury would come Monday.

## STUDENT IS VICTIM OF INFANTILE PARALYSIS

Champaign, Ill., Sept. 25.—(AP)—Eugene Kohn, a Chicago University of Illinois student, died today from infantile paralysis at the McKinley Memorial Student hospital shortly before his father, H. N. Kohn, had arrived in a specially chartered airplane with a supply of serum to be used in treating the youth.

Young Kohn died a few minutes before his father arrived.

Kohn, a sophomore and a "plebe" of Sigma Alpha Mu fraternity, had been ill about two days, entering the hospital early Thursday afternoon. His case was diagnosed today as infantile paralysis and an appeal sent to Chicago for serum needed to treat the disease.

The youth's father personally procured the serum, retained a specialist to accompany him here, and chartered an airplane for the trip. The specialist returned immediately by plane to Chicago after learning the student had died, and the elder Kohn returned later by train.

The Sigma Alpha Mu fraternity house today was declared under a two week's quarantine while its occupants are under observation.

University authorities said Kohn's was the only case of infantile paralysis reported among students so far this year.

### SUES HUSTON

New York, Sept. 25.—(AP)—Claudius H. Huston, former chairman of the national Republican "committee," is being sued by Mrs. Carey Langhorne, wife of a cousin of Lady Astor, for alleged damages to the furnishings of a house in Washington.

The damages which Mrs. Langhorne alleges concerned her home at Washington which she said was rented furnished to Mr. Huston in 1929 and 1930. The papers as filed did not specify the damage.

## POLICE OBTAIN CONFESSION IN EXTORTION CASE

**Morris Bogolowski Admits  
Placing Bombs at Rear  
of Doctor's Home**

Chicago, Sept. 25.—(AP)—Chief of Detectives John Norton said tonight that a written statement admitting he had planted two bombs had been made by Morris Bogolowski, one of three men arrested and held Thursday night after police had trapped a group of suspected extortionists.

Norton said Bogolowski admitted having placed the bombs at the rear of the home of Dr. Elmer D. Howe, whose residence was damaged by two such explosions within a few days of each other early this month.

Held with Bogolowski are Joseph Haddad and Charles Fried. Bogolowski was sentenced to hang in 1922 for murdering a man in a holdup, but won a new trial and acquittal.

Bogolowski, Haddad, Fried and three other men, including a lawyer, were seized when police burst into a lawyer's office as Dr. Max Gecht was handing over to them an envelope containing \$2,000, which he said they had demanded from him to insure his personal safety and that no false damaging rumors be circulated about him.

## MOYLE AND ALLEN WEATHER BOUND

Fairbanks, Alaska, Sept. 25.—(AP)—A heavy downpour of rain forced Cecil Allen and Don Moyle, California aviators to land here at 4:35 p. m. (PST) (7:35 p. m. EST) five hours and twenty minutes after they hopped off from Solomon beach, near Nome on a projected non-stop flight to Tacoma, Wash.

The aviators had covered less than 200 miles of the distance of more than 2,000 miles to the Puget Sound city when they encountered low visibility and set down their plane.

It was their second failure to reach an announced destination this month. They started from Samushiro beach, Japan, September 7, in an attempt to fly non-stop to Seattle, 4,465 miles, but it ended in the rat group of the Aleutian islands, where several days later they were picked up by a Russian boat and taken to Miano Pilgano, on the northeast Siberian coast. They flew to Nome last Sunday.

When Moyle and Allen took off this morning at 11:15 a. m. (PST), 2:15 p. m. (EST) they said they "hoped to be in Tacoma by noon tomorrow."

## OIL COMPANY MERGER HAS BEEN ABANDONED

New York, Sept. 25.—(AP)—The possibility that Tide Water Association Oil company may not be merged with Sinclair Consolidated Oil Corporation and two other companies developed today when it was learned in Wall Street that strong opposition to the proposal has developed among certain stockholders of the Tidewater company.

Those close to the situation said that the opposition has gained sufficient strength to jeopardize the participation of Tidewater in the merger, and in one quarter it was said that there was a strong likelihood it would not be included in the consolidation which would also include Prairie Oil and Gas and Prairie Pipe Line.

## NEW REBELLIONS APPEAR IN COW TESTING FIGHT

Veterinarians Continue to  
Work Under Guard of  
Iowa Soldiers

Tipton, Iowa, Sept. 25.—(AP)—As Iowa national guardsmen today made possible testing of 39 quarantined dairy herds in Cedar county, rebellion against the state's compulsory bovine tuberculosis testing statute loomed in Henry and Des Moines counties, in the extreme southeastern section of Iowa.

Henry county farmers, several hundred of whom signed petitions asking Governor Dan Turner to release J. W. Lenker, Cedar county, leader against the test law, and to withdraw troops from Cedar county, today openly avowed that their cattle could be tested only after intervention of the militia.

Many of them planned to attend tonight a meeting of the Des Moines county farmers union and they indicated that the subject of testing as well as their threat to withhold their taxes this year and next would be brought up.

Lenker late today was arraigned before Judge H. B. Ring in the Cedar Rapids district court on charges of contempt. He was released on \$10,000 bond signed by W. C. Butterbrodt and John McQuillan. His hearing was set for Oct. 1, in Tipton.

# BLUEBOYS TO OPEN SEASON WITH QUINCY TONIGHT

## Sam Rice Muffs Fly Ball And Yanks Beat Senators 8 To 3; Ruth Hits Pair Of Home Runs

New York, Sept. 25.—(AP)—Sam Rice dropped a fly today and as a result the Washington Senators dropped a ball game and were only a half game ahead of the Yankees in the race for second place in the American league. With two out in the eighth and the score tied as the result of Babe Ruth's second home run, the Yankees rallied and muffed Lazzaris fly. The game followed up with a rally that netted the runs and an 8 to 3 victory.

Ruth's two homers put him ahead of the rival Lou Gehrig, who had 44. Eddie Coughlin also walked off a four bagger in the ninth while Herb Pennock started the Yankees' storm, with a homer in the third. Joe Kahn, catcher for the Yankees, to bring the day's total up to three.

Pennock, although hit twice, was the full distance to the outfield. The game of the season, when Alvin Crowder, who had been in the lineup for the Senators, was taken out of the start of the winning rally.

## 18 YEAR OLD ROOKIE WINS

Lew Krausse, Philadelphia Athletics' Boy Hurler, holds the Boston Red Sox to four hits and captures Game 7 to 1.

Philadelphia, Sept. 25.—(AP)—Lew Krausse, Philadelphia Athletics' 18-year-old rookie pitcher who was graduated from the Media, (Pa.) high school in 1930, twirled a four hit victory in his big league debut today. His opponents, the Boston Red Sox, lost 7 to 1.

A two base wild throw by Dykes of Sweeney's scratched hit in the fourth inning and a passed ball by Catcher Palmisano, robbed Krausse of a shut-out. McNair and Palmisano, with three hits apiece, led the attack on Durham and Lisenbee.

## Pittsfield Downs Crimsons In Opener 13 To 0; Locals Threaten In Last Quarter

Pittsfield, Sept. 25.—(Special)—A fighting Jacksonville high school football team met a pack of harder fighting Pittsfield High school lads here tonight, and after a furious engagement, marked by hard tackling and blocking, Pittsfield walked off the field at the close of the contest in possession of their first victory of the season by a 13 to 0 score.

A forty yard march down the field and a 40 yard pass brought Pittsfield its two touchdowns. Brant, slashing off the tackle for the first marker, after an exchange of punts following the opening kick-off, and Wilkins, dashing 5 yards after snagging a 35 yard pass from Peer to get the other marker in the third quarter.

Jacksonville came back with more rushing down the field, clicking off first downs regularly as their offense suddenly gained strength, but were checked on the 20 yard line by Pittsfield's scrappy midlegs.

By winning his 44th and 45th home runs of the season yesterday, Babe Ruth passed the major league lead in that department. He had been picked up only one point by Al Simmons, Big Six leader. The two homers were the fruit of four times at bat and brought the Babe's average up to .373, six points behind Simmons, who did not take part in the Athletics' victory over Boston. All the other members of the Big Six had a day off.

## GRAIN PRICES FORCED DOWN

**By John P. Boughan**  
Chicago, Sept. 25.—(A.P.)—Violent breaks and rallies in Sterling, the British exchange rate, did much to depress the price of wheat down here, and then briskly up. Bullish conditions in wheat prices had previously deflated, and that with anything like improvement in the financial situation an advance in wheat was overdue. Late reports stressed seeding delays in dry sections of the winter wheat belt southwest, and made special mention also of excessive warmth in northern Argentina, with locusts threatening Argentine crops and with rain needed at once.

Wheat closed nervous, unchanged to 1 cent higher, corn 1-1 up, oats at 1-1 advance, and provisions vary-

Near the end of the day, all cereals rallied sharply, led by wheat. Grain traders gave more attention to the action of Sterling than to Wall street.

was advancing in the face of stock market downturns. Comparisons with prices a month ago were circulated tending to show grains had finished deflation ahead of stocks.

Notable absence of any sustained selling pressure was a feature in

wheat. On the other hand, commission house buying broadened on declines, and previous speculative sellers made haste to reverse their market position. This was especially the case after Sterling had rallied equal to 2½ cents a bushel on wheat.

wheat. At first, however, corn displayed a temporary weakness, September corn touching a new low-price record for the season, with Chicago receipts continuing larger than either rains likely to delay harvesting of corn

a week or a year ago. Widespread was a bullish factor. Besides, vessel charters were made for shipment of 200,000 bushels out of Chicago. Oats swayed with corn and wheat.

Provisions averaged lower, responsive to weakness of hog values, lard sold at new bottom prices.

Closing indemnities: Wheat—Sept. 47½, bids; Dec. 48½-1, 49½-2; Mch. 51. 52½; May 52½-8, 53½.

Corn—Sept. 37½, 40½; Dec. 36½-37, 37½-3; May 40½, 41½.
